Who is Hilti?

If you're new to the industry, you might not have heard of us. We provide leading-edge tools, technologies, software and services for the global construction sector. We have a proud heritage, built over 75 years, and a worldwide reputation for pioneering products and exceptional service. With some 30,000 people in more than 120 countries, which we're looking to expand, we're a great place for you to show us your worth, step up to new challenges and grow your career.

What does the role involve?

- In this position you lead a local Smart Factory expert team and build up a team of interns: together you will change the mindset to digital.
- You develop and maintain a local roadmap and product backlog to drive bottom-line impact including the addition of new technologies, operations & upgrades.
- This role gives you an excellent platform to prove your strong abilities in terms of conceptual and strategic work as well as implementation by leading and coordinating the realisation of local Smart Factory use cases.
- This also means that you translate user and business requirements into fully-traceable and scalable solutions and improve existing processes, equipment, systems and infrastructure.

What you need is:

- You hold a Bachelor's or Master's degree in a relevant field
- You have a proven track record in implementing new processes and IT-tools from a relevant industry
- Experience in Project Management
- Experience in the fields of I4.0 and IIoT
- Experience in the fields of Lean / operational excellence
- Your good communication as well as presentation skills enable you to effectively interact with a wide variety of stakeholders on all levels in a complex and fast paced matrix organization
- You have very good language skills in German and English

What do we offer?

- We offer you a unique place to work, where you are part of a creative and diverse team. We give you many opportunities to develop yourself and we will support you in shaping your individual career path. Join our positive team spirit!
- Our Headquarters is located in Schaan, in the beautiful and mountainous Rhine Valley. We offer state-of-the-art office spaces, a staff restaurant with a variety of healthy food, coffee corners, an in-house gym with a relaxation room and so much more. Additionally, Hilti e-bikes are readily available for you to use free of charge! It is in close vicinity to a direct train stop for easy commuting to the Swiss and Austrian borders.
- We want you to work your best and offers such as flexible working/part time arrangements, free parking slots and day care for your children are just some of the ways we do that.
